ACTIVE INGREDIENTS AND COMPONENTS

WHEAT GERM EXTRACT

Wheat germ contains many properties; one of them is the antioxidant power that protects the condition and health of the hair. The combination of its proteins and vitamins help to invigorate the hair. Its amino acids make hair soft and restructure damaged or weakened hair.

VIOLET PIGMENT

The violet pigment tones down all those yellowish reflections of external factors that affect the hair shaft, especially in white, grey, dyed and bleached hair, leaving it in its natural colour.

APPLICATION

Apply to wet hair, massage and leave on for 5 minutes. Rinse with plenty of water.

PRECAUTIONS FOR USE

The use of gloves is recommended, as the shampoo may leave a residual film on the hands. Always follow the instructions for use and warnings on the label. Do not mix with other products not recommended by the manufacturer. Keep out of reach of children. For professional use only. In case of accidental contact with the eyes, rinse immediately with water. If wearing contact lenses, remove contact lenses before rinsing the eyes. If the irritation persists, consult a doctor or ophthalmologist.
